

Democracy is in grave danger if Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is permitted. Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. Sinclair's actions and overt Republican bias show why we need to strengthen media ownership rules and prevent huge business conglomerates from controlling political infusion for the good of their profits instead of public interest. The only acceptable way to let this program be aired is for Sinclair to give equal airtime in the same markets and approximate time slots for a Democratic documentary. This is the USA not a third world propaganda-controlling nation. Please do your job and keep the airwaves out of the hands of government. Thank you for your time and cooperation.
Sincerely,
